

Call for Expressions of Interest (Eols) for Solar & Stove Companies/Enterprises in Kenya

Opportunity for partnership

Engenising Development Kenya Programme (EnDev Kenya), implemented by Deutsche Gesellschaft fuer Internationale Zusammenarbeit (GIZ) is inviting stoves and solar enterprises through this **Call for Expressions of Interest (Eol)** to partner and cooperate in enhancing market development and access of good quality **solar solutions for productive use (Solar for PU)** and **improved cooking solutions (ICS) for productive use (PU)** and **social institutions (SI)**.

Target companies

This opportunity targets Kenyan registered companies/enterprises promoting technologies for solar for PU and ICS for PU and SI through a commercial/market-based approach.

Eligible technologies

- Solar for PU i.e., for electricity solutions (e.g., lighting solutions, barber kits, entertainment kits, phone charging kits solar pumping, solar cooling, grinding, milling, solar powered incubation/hatchery e.t.c) and thermal solutions (e.g., solar drying, solar water heating).
- ICS for PU and SI e.g., improved cookstoves, boilers, ovens, grills, drying e.t.c

Call

The call for Eols for 2021 commences on **1st June 2021** and applications are accepted from interested companies/organisations on a rolling basis until **30th June 2021** with the possibility of reopening the call for Eols for more companies subject to performance of selected companies. GIZ shall evaluate the Eols and carry out due diligence process and thereafter the applicants will be informed on their eligibility to participate in the project. More information on this **Call** can be accessed in <https://endev.info/calls/>.

Application

Prior to application, EnDev Kenya is first inviting interested eligible enterprises to register and participate in a virtual orientation workshop scheduled for **31st May 2021**. An orientation on the **call for this Eol** will be elaborated during the workshop. The application forms for the call shall also be provided after this workshop.

To register for the virtual workshop, **send a formal email** to: info-energyke@giz.de indicating your contact & company details and technologies you promote. Note that you will be required to **provide consent for sharing your personal details** for registration.

For those who are unable to attend the virtual workshop on **31st May 2021**, please contact us on info-energyke@giz.de to obtain the application forms and clarify any open questions before the submission deadline.
